Made for this film: a fictional practice proposal, never submitted.

Teal Slough Farms (fictional)

July 1, 2027

If the proposal submitted by Dr. Wren Castellano entitled "CAREER: Wet–Dry Cycles, Soil Redox, and the Methane–Nitrous Oxide Trade-off in Mid-South Rice" is selected for funding by the NSF, it is my intent to collaborate and/or commit resources as detailed in the Project Description or the Facilities, Equipment or Other Resources section of the proposal.
